

FOR IMMEDIATE RELEASE

DOMO Capital Supports Children's Mental Health

Germantown, WI – May 20, 2021

DOMO Capital announces \$50,000 donation to Extra Life / Children's Hospital of Wisconsin

DOMO Capital has donated \$50,000 in support for the Children's Wisconsin Foundation through association with Extra Life, a charity that GameStop has frequently supported that unites thousands of gamers around the world to play games in support of their local Children's Miracle Network Hospital.

Justin Dopierala, Founder and Portfolio Manager of DOMO Capital, explains: "We have been blessed to perform exceptionally well for our clients over the last year, and our investment in GameStop was a significant contributor towards that achievement. We recognize that our success came during a period that was difficult for so many and we wanted to give back in a way that will help those that have been impacted."

Specifically, DOMO Capital is supporting the work of Children's Wisconsin in the area of mental health. COVID-19 has had a massive impact on many of us, including our children, and Children's Wisconsin is bringing healing and attention to impacted children. This organization is well known for their compassionate and effective service to the next generation, and we couldn't be happier to be supporting this important work. They explained in a recent statement:

Kids across Wisconsin are facing a mental and behavioral health crisis. They have high rates of anxiety, depression and suicide and not enough access to care. But with your help, we can change that.

At Children's Wisconsin, we believe caring for a child's mental and behavioral health is just as important as caring for their physical health. We're inviting you to help us Shine Through and light a path forward to better mental and behavioral health for kids in our state.
